## (SLIDESHOW) Which Triad town ranks among the safest city in North Carolina?

Families choosing where to put down roots take a variety of factors into consideration — among them, quality of schools, cost of housing and safety.

On that latter point, SafeWise, which bills itself as an independent review site and expert on home security and safety products, came out with a list this spring of the 20 safest cities in North Carolina.

To identify those communities, SafeWise reviewed 2016 FBI crime report statistics and population data, excluding cities that fell below identified population thresholds or that failed to submit a complete crime report to the FBI. To make it easier to directly compare the likelihood of violent or property crimes occurring in each locale, the site calculated the rate of crimes per 1,000 residents.

One Triad city ranks among the top 20.

In addition to SafeWise's crime figures, we've added to each slide the median household income for each city, based on data from the U.S. Census Bureau's 2013-2017 American Community Survey.
