# Multiple road construction projects planned in Alamance County

**Rachel Berry** Times-News

Published 6:01 a.m. ET Jul. 28, 2021

Two different road construction projects are planned for this week and next in Alamance County.

The first project is the installation of an all-way stop at the intersection of N.C. 49 and Greensboro-Chapel Hill Road. The work is scheduled to begin at 8 a.m. Wednesday and should finish by 3 p.m., weather permitting.

Crews will use a flagging operation to help drivers pass through the intersection during the road work. Drivers are asked to keep an eye out for people working on the road Wednesday and to be aware of the new traffic design.

On Aug. 2, Elon will begin completing adjustments, milling and paving various streets.

Portions of the following streets will be paved or patched:

- West Lebanon Avenue
- West Trollinger Avenue
- Franz Court
- Longbrook Drive
- Running Brook Drive
- Pin Oak Court
- Atkinson Avenue

Sharpe Brothers, the project's contractor, will notify residents about 48 hours before work is expected to begin on their street. Paving will begin Monday on West Trollinger Avenue and West Lebanon Avenue between Williamson Avenue and Holt Street. The other streets will be paved afterward.

Subgrade and asphalt issues on Atkinson Avenue will be addressed in September.

Residents are asked not to park on the streets while roadwork is in progress. Residential streets will remain open, but West Trollingen Avenue and West Lebanon Avenue will be closed for portions of the work between Holt Street and Williamson Avenue.
